

## WSU GENDER NON-BINARY STUDENT EXPERIENCES

Lead Researcher: Jack Mullen – (248) 331-6229 – [ga3125@wayne.edu](mailto:ga3125@wayne.edu)

Jack Mullen and researchers from the Sociology Department at Wayne State University are recruiting participants for a research study about trans (gender non-binary) student experiences. This study may help us to better understand the unique social position of gender non-binary students within the LGBTQ+ and broader student populations at Wayne State University by exploring their experiences on campus and attitudes towards professors and administration.

You are eligible to participate in this study if you are at least 18 years of age and are an undergraduate student at WSU.

The study will take place remotely via video chat (e.g. Zoom, Skype) or phone call. As a participant, you will complete a one-on-one interview with the lead researcher. This interview is expected to last no more than one hour.

You will be compensated for your time in the form of an Amazon gift card worth \$20. Study information will be shared with Wayne State University administration, which may better-inform initiatives to improve diversity and inclusion on campus. There are no other direct benefits to you for participating.

If you are interested in participating in this study, please contact Jack Mullen at [jack.mullen@wayne.edu](mailto:jack.mullen@wayne.edu) or (248) 331-6229.
