**Mental Health Awareness in the**  
**LGBTQ+ Community Discussion Panel**

The **Association of Black Social Workers** Student Organization invites you to join a discussion exploring the intersection of race, sexual identity and mental health. In the spirit of **Black History Month**, this welcoming and open discussion will help spread awareness and information on the diversity of mental health issues and the impact on individuals and our community. The three experts listed below will serve on the panel and launch the event discussion, which will be moderated by J. Lloyd Allen.
