

Interested in learning more about
global and urban health?

Get equipped as a **GLUE Scholar!**

The **GLUE (Global & Urban health Equity) Program** is the teaching and educational component of the Wayne State University Global Health Alliance (WSU GHA). The program has a three-part structure consisting of monthly **didactic seminars**, quarterly local **advocacy participation**, & a summative **capstone project**—all designed to equip today's healthcare professionals with the knowledge and skills needed to join the global mission of reducing health inequity at home and abroad.

Our comprehensive curriculum is based on the Consortium for Universities in Global Health (CUGH) "Global Health Education Competencies Tool Kit", which includes the following domains:

Global Burden of Disease

Globalization of Health & Health Care

Social & Environmental Determinants of Health

Sociocultural and Political Awareness

Collaboration, Partnering, & Communication

Ethics

Program Management

Health Equity & Social Justice

Strategic Analysis

Capacity Strengthening

Program Structure

- Part-time, two-year program designed to fit busy schedules
- Opportunities to participate in research and service-learning programs locally and abroad
- Lectures and mentorship provided by a multi-disciplinary team of local experts, including medicine, public health, law, engineering, environmental health, and more

Requirements

- Applicants must have a bachelor's degree or higher
- GLUE scholars span the spectrum and include medical students, graduate students, researchers, faculty, and working healthcare professionals--from various disciplines, including medicine, nursing, public health, and more
- Enrollment is free
