C&I Day Program March 21, 2022, 3:00-4:30pm

Returning to the Classroom: Lessons Learned from the Pandemic

### Overview

The pandemic has required that we change the way we teach. We have adapted to online teaching and have discovered benefits and drawbacks. Uncertainty about the potential impact of future Covid variants also requires us to prepare to adapt, to offer classes in different formats, and to alter our expectations and requirements around in-person attendance. This C&I program will begin an ongoing discussion about most effective and equitable methods of in-person, online, hybrid, and HyFlex teaching as we move into the future.

### Agenda

- I. Introduction and Welcome – Dean Kubiak, Assoc. Dean Patterson - 10 minutes
- II. Hyflex Tools for Maximizing Participation: Introduction to HyFlex – OTL - 20 minutes
