**TEXTS AND REQUIRED MATERIAL**

*Required* (download from [http://www.socialwork.wayne.edu](http://www.socialwork.wayne.edu))

The field instructor may assign readings as part of orientation and on-going instruction.

Classroom assignments often draw material from the field placement. Students will need to clear with the field instructor the use of such material used in a written assignment. All such material must be disguised to maintain confidentiality. Students often find it helpful to bring other classroom materials to the field placement where the field instructor can help the student with connections and integration of content and practice.
PERFORMANCE CRITERIA:
Through written assignments (learning plan, process recordings and other), supervision sessions and participation in agency meetings/programs, students will be expected to achieve the learning outcomes identified in the Learning Plan. Student performance is rated each semester using evaluations (mid-term and Field Instructor Assessment of Student Competency (FIASC) at end of semester) For each competency, Behaviors are listed with corresponding performance outcomes. The student’s performance achievement is rated for each criterion by the field instructor on a scale that ranges from “Does Not Meet Minimum Competency” to “Exceeds Minimum Competency”.

The field instructor prepares a written description of the student’s assignments and other field education experience, the nature of the population serviced and the learning activities used to evaluate the student’s performance achievement.

The “Field Instructor Assessment of Student Competency, Master of Social Work – Core Year” is an integral part of the syllabus.
