

WAYNE STATE UNIVERSITY

SCHOOL OF SOCIAL WORK

MSW Program – Advanced Standing

An applicant for admission to the Master of Social Work program **who holds a baccalaureate degree from an undergraduate Social Work Program accredited by the Council of Social Work Education** may be admitted with advanced standing. Students admitted with advanced standing are required to complete 8 graduate credits toward the M.S.W. degree during the summer term following admission, and subsequently an additional 30 credits in the advanced curriculum of the graduate program, as prescribed within the student’s specialization totaling 38 credits.

Students must complete the following summer curriculum (total 8 credit hours) before enrolling in courses in the advanced curriculum:

Summer/Bridge Semester

		Credits/ Course	Total Credits
<u>Summer Term: June-August</u>			
SW 7070	Social Work Practice & Theory	4	
SW 7620	Social Welfare Policy, Research & Macro Practice	4	
			8

Interpersonal Practice

This specialization offers students a particular theoretical orientation and clinical method from among three theory “tracks”: **Cognitive-Behavioral, Family Systems, or Psychodynamic**. Each track has a corresponding integrative practice methods and human behavior course incorporating content on clinical method and technique, developmental issues, and psychosocial pathology, and each is offered over two consecutive terms. A full range of electives is offered to supplement the required sequence of courses, thus permitting students an opportunity to deepen and enrich their knowledge of particular areas of Interpersonal Practice. The HBSE/Practice courses associated with the selected track are required.

Innovation in Community, Policy and Leadership

This specialization contextualizes student learning into three platforms of practice including developing and sustaining effective communities, developing and sustaining effective policies, and developing and sustaining effective organizations through leadership. I-CPL students will deepen their understanding of settings where this practice can take place through field placements that relate to urban social planning, community development, policy analysis and advocacy, program development, and system coordination. A full range of electives is offered to supplement the required sequence of courses, thus permitting students an opportunity to deepen and enrich their knowledge of particular areas of Innovation in Community, Policy and Leadership. Students select one of the three platforms - **1) Leadership; 2) Community Development; 3) Policy**. The HBSE/Practice course associated with the selected platform is required.
